

PAR 36 (Strobe or Halogen)

Two PAR 36 Flat Lens lights in a clear lens shown mounted to the rear of a tow truck.

Available in Amber, Blue, Green, Red & Clear Lenses. Stainless steel bracket included.

Achieve greater side output with our extended lens for improved visibility.

Features

- Our original PAR 36 light available in Strobe or Halogen lighting technology with Flat or Extended lenses:
- Halogen model requires external flasher while Strobe model requires external power supply to operate.
- Lights are encased in a weatherproof black rubber housing.
- Made with a durable polycarbonate lens.
- Includes "U"-bracket for versatile mounting on wrecker, tow, DOT trucks or off road vehicles.
