

**BEFORE ATTEMPTING INSTALLATION,  
BE SURE YOU FULLY READ AND  
UNDERSTAND ALL INSTRUCTIONS.**

### TO MOUNT THE 4" OR 6" BRUSH GUARD:

- 1) Remove the 1/2" screws holding the lens in place.
- 2) Place the brush guard over the lens using either the dress ring or the clear dome as a spacer.  
Note: the 6" brush guard must be used with the clear dome and either the 4" or 6" guard may be used with the dress ring.
- 3) Secure the brush guard with the 3/4" screws supplied. **DO NOT OVERTIGHTEN!** as this may damage the beacon or brush guard.
