## MOUNTING INSTRUCTIONS

### Grommet

- Cut a hole in the vehicle using template.
- Push rubber grommet into the hole until it seats.
- Feed the light wires through the hole and connect to the wire harness from the Strobe Power Supply, see Figure A.
- Push the light into the grommet until it seats.

### Snap Flange

- Cut a hole in the vehicle using template.
- Push the light into the rear of the snap flange until it SNAPS.
- Connect the light to the wire harness from the Strobe Power Supply, see Figure A.
- Align the light and snap flange assembly to the hole and secure it to the vehicle with screws.

## WARRANTY

SoundOff Signal warrants the 6" Oval Strobe Light Head for one (1) full year from the date of purchase to the original purchaser against any manufacturer defects or workmanship. This warranty applies only to units installed according to manufacturer's installation instructions and operated within the units specifications.

Warranty is void if the unit was installed incorrectly or maliciously damaged. All warranty claims must be accompanied by a dated proof of purchase. SoundOff Signal retains the right to be the sole mediator of what constitutes defects in performance or manufacturing.
