

# DOMELIGHT CHARGER/MAGNUM

ECVDMLDC1

Please see reverse  
for Technical Specifications

## Important Information

- DO NOT install this product or route any wires in the Air Bag Deployment Zone. Refer to your vehicle Owner's Manual for the location of any air bag deployment zones.

## INSTALLATION:

The DaimlerChrysler Police Package Dome Light is designed to directly replace the dome light that is installed on 2006 model automobiles with the dome light option.

For other applications an installation template is provided but installer assumes all responsibility for placement and wiring.

## REPLACEMENT

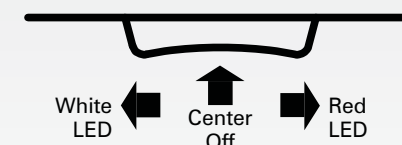

1. Gently pull existing Dome Light toward left-rear of vehicle.
2. Pull front-right of light down to disengage bracket from slot and complete removal by pushing light to front-right.
3. Disconnect wire connector and replace light.
4. Reinstall light by inserting wide part of bracket in wide portion of slot and pulling light gently to left-rear.
5. Insert narrow portion of bracket in slot and push light to front-right of vehicle.
6. Light switch will be to rear of vehicle when light is correctly installed.

## HARD WIRE OPTION

1. Determine location of light.
2. Place template and mark perimeter of cut-out. Note that cut-out will be at an angle to the centerline of the vehicle.
3. Carefully trim headliner.
4. Locate power and ground source and route through hole.
5. If a compatible connector is not available the supplied connector may be cut off and the wires may be connected directly to power and ground. Note that the white wire MUST connect to +12Vdc and the black wire MUST connect to ground (-).
6. Install light by following steps #4 and #5 in the REPLACEMENT instructions.

## OPERATION:

Switch positions as shown below:

**⚠ WARNING**  
This product contains high intensity LED devices.  
To prevent eye damage, DO NOT stare into the light beam at close range.

**SoundOff  
Signal**
